

PETITION - To the Parliament of Canada ,

Where as the fact that many government related institutions such as Canadian public colleges, universities, and technical training schools, department offices, and medical care centres such as hospitals have contract parking management companies to manage parking stalls

Where as these parking management companies operate inter-provincially and are private companies in Canada or elsewhere

Where as these private companies affiliate with foreign investment interest and foreign conglomerates unknown to their clients and customers

Where as these investment companies investors are unknown to our national security fraud and crime prevention task forces

Where as a well-known Vancouver-based parking management company shares and control are being sold to foreign interest recently announced in the Private Capital Journal, June 2019

We , the undersigned citizens of all Canadian provinces and northern territories, including all First Nations, hereby petition the Canadian Parliament

... to implement ways and means to remove parking fees placed upon us , including disabled persons, or on our personal vehicles while attending any Canadian hospital emergency department premises for medical reasons during and up to a four hour period in standard emergency cases or between 4 to 8 hours in trauma emergency cases.
